

Dear **NutriBullet® University** Students and Families,

It has been a wonderful and fruitful (no pun intended) 90 days. We have had 242 committed students participate in the largest **NutriBullet® University** launch since its inception and we are thrilled that Urban Pathway Charter School K-5 could be a part of it. We thank you for helping us grow. We also want to *THANK YOU* for allowing us to share with your students what good nutrition can do for their health. But we are only successful because of you.

The **NutriBullet® University** team would like to give a HUGE shout-out to the Urban Pathway Charter School K-5, the Blast Captain Ms. Linda Williams, and the students in their selected class. They have been very committed in changing their personal health, improving their healthy behaviors, and challenging their taste buds to fruits and vegetables. We are certain that kale on day 90 tasted better than kale on day 1. But each student and teacher's powered through the program and strengthened their commitment to health!

We do not want the NBU Wrap-up and summer vacation to be the reasons why students are not Blasting every day. Be a **NutriBullet® University** advocate and challenge yourself, your family, and your friends to Blast every day and personally feel the power of good nutrition!

[Be a **NutriBullet® University** Advocate TODAY!](#)

Live Deliciously,

The **NutriBullet® University** Team
